eLDPs - Loan Deficiency Payments Go Online
The Farm Service Agency's new electronic Loan Deficiency Payment Service (eLDP) is an Internet-based service allowing producers to request LDPs online and, in most cases, receive approval and payment by direct deposit within 48 hours.

Hurricane Agricultural Disaster Assistance For Florida Producers
Growers Expected to Receive More than $500 Million in Aid USDA Continues to Provide Food and Housing Assistance

Veneman Announces 2005 DCP Enrollment Is Underway - Producers Can Now Enroll Online
Agriculture Secretary Ann M. Veneman today announced that sign-up for the 2005 Direct and Counter-cyclical Payment Program (DCP) begins today at USDA Service Centers, and that producers may also enroll online starting October 20.

Access the USDA Customer Statement
In January, 2004, Agriculture Secretary Ann M. Veneman announced that eGovernment initiatives would be a special focus of the U.S. Department of Agriculture in 2004. The USDA Customer Statement is part of this effort and brings to the farmer and rancher unprecedented online access to their business activities with USDA 24 hours a day, 7 days a week.
Electronic Loan Deficiency Payments

What are eLDPs?

The Farm Service Agency’s (FSA) electronic Loan Deficiency Payment Service (eLDP) is an Internet-based service allowing producers to request LDPs online and, in most cases, receive approval and payment by direct deposit within 48 hours. eLDPs are available to eligible producers in all 50 States and are offered as an additional option to producers requesting an LDP. LDP benefits are still available at the local FSA county office. However, eLDP services provide greater flexibility to producers who conduct business online and want to avoid travel time to and from the local FSA office.

How do I Access the eLDP Service?

Access to the eLDP service is available to all USDA customers. In order to insure personal identity, you must first register for a USDA eAuthentication Level 2 Account. This process is easy and starts online by creating a user ID and password and confirming your email. The final step requires visiting a local USDA Service Center to complete the eAuthentication process.

Once you have your eAuthentication account, you can click on the 'Login' link on the top of this page and enter your user ID and password on the USDA login screen.

USDA provides eLDP services in a secure online environment that protects participants’ privacy through stringent security measures. All participating customers will have an eLDP Customer Profile set up through a software application that validates their farming and crop information. Local FSA county offices will maintain Customer Profiles for accuracy. Customer Profile information is provided by the customer and verified by farm records stored in the local FSA county office.

FSA’s eLDP customers can use a personal computer to submit an LDP application. After the eLDP is approved by USDA, the payment is automatically routed by electronic funds transfer to the customer’s bank account.

The eLDP process is available 24/7, except during routine backup and maintenance periods. The applicable LDP rate is based upon the rate in effect on the application date for the location of the stored commodity.

Web addresses to be aware of:

For eLDP’s you eventually need to end up on the site
<https://indianocean.sc.egov.usda.gov/eldp>

You will first have to login through <USDA.gov>, set up a personal page (MY USDA), and have Level II clearance as done by your local FSA Office. The local office will have had to set up a bushel and $$$ limit to your account. This in effect puts a top limit on what you can claim, just in case your CPA has recommended to try for all the corn and beans in the state of Missouri. The login portion has been the most difficult part of the procedure, as it has not been particularly obvious as to the proper route to get there. Once you get the indianocean address bookmark it and life will be much simpler.

www.crop1insurance.com is a new site that John thought you might be interested in checking out.
